

(Besluiten aangenomen krachtens titel V van het Verdrag betreffende de Europese Unie)

## ZESDE JAARRAPPORT UIT HOOFDE VAN UITVOERINGSBEPALING Nr. 8 VAN DE GEDRAGS-CODE VAN DE EUROPESE UNIE BETREFFENDE WAPENUITVOER

(2004/C 316/01)

### INLEIDING

De Gedragscode van de Europese Unie betreffende wapenuitvoer is op 8 juni 1998 aangenomen. De Code voorziet in 8 criteria voor de uitvoer van conventionele wapens en in een procedure voor de kennisgeving van weigeringen die de lidstaten verplicht overleg te plegen over mogelijke „undercuts”. Sinds zijn aanneming heeft de Code aanzienlijk bijgedragen tot de harmonisatie van het nationale beleid inzake wapenexportcontrole van de lidstaten.

In het zesde jaar waarin de Europese Gedragscode wordt toegepast is opnieuw aanzienlijke vooruitgang geboekt met de implementatie ervan. Mede dankzij een aantal belangrijke nieuwe ontwikkelingen wordt de Code nog beter en op nog grotere schaal toegepast. Deze ontwikkelingen bevestigen de status van de Code als de meest omvattende internationale wapenexportcontroleregeling. De belangrijkste ontwikkeling in dit verband is de toetreding van tien nieuwe lidstaten tot de Europese Unie op 1 mei 2004. Opgemerkt zij tevens dat naast de recentelijk toegetreden lidstaten ook Bulgarije, Roemenië, IJsland en Noorwegen spoedig na de aanneming van de Code in 1998 hebben verklaard dat zij de doelstelling ervan onderschrijven en dat zij zich hebben geschaard achter de criteria en beginselen van de Code, die zij in hun nationale exportbeleid als leidraad zullen hanteren. Later hebben ook Canada en Kroatië zich achter de Code geschaard.

In het belang van de transparantie wordt de aandacht gevestigd op de Gebruikersgids, een cruciaal instrument met een beknopte, overeengekomen handleiding voor de toepassing van de uitvoeringsbepalingen van de Code, die gepubliceerd is en regelmatig zal worden geactualiseerd. De gebruikersgids is in de eerste plaats bedoeld voor de beampten die uitvoervergunningen afgeven en kan worden ingezien op de internetsite van de Raad (<http://ue.eu.int>), hoofdstuk gemeenschappelijk buitenlands en veiligheidsbeleid, webpagina „Exportcontroles uit veiligheidsoverwegingen”, paragraaf: Gedragscode van de Europese Unie betreffende wapenuitvoer. Men treft daar een uitvoerige beschrijving aan van de Code en van de wijze waarop deze door de lidstaten wordt toegepast.

### I. EVALUATIE VAN HET ZESDE JAAR VAN DE TOEPASSING VAN DE CODE

#### 1. Uitbreiding van de Unie

Na de toetreding van tien nieuwe lidstaten tot de Europese Unie op 1 mei 2004 zijn de criteria en de procedures van de Gedragscode, met name het kennisgevings- en het raadplegingsmechanisme, volledig op hen van toepassing geworden. Het

grote aantal weigeringen en raadplegingen waarvan de afgelopen zes jaar kennis is gegeven, zal daarom naar verwachting nog toenemen en het overleg tussen de lidstaten over de uitlegging van de Code zal ongetwijfeld worden geïntensiveerd. Dat zal bijdragen tot een verdere convergentie van het beleid en van de procedures van de 25 lidstaten in verband met de uitvoer van wapens. De recentelijk toegetreden lidstaten die daartoe in staat waren, hebben cijfers inzake hun wapenverkoop in 2003 voorgelegd, zoals moge blijken uit de bij dit verslag gevoegde tabellen.

#### 2. Evaluatie van de Gedragscode

Een belangrijke ontwikkeling die in 2004 ten aanzien van de Gedragscode heeft plaatsgevonden, was de evaluatie ervan — de eerste sinds de Code in 1998 van kracht is geworden. De evaluatiebesprekingen zijn niet alleen tussen de lidstaten gevoerd, maar ook in vergaderingen met belanghebbende derden, met name internationale NGO's. Onder het Ierse en het Nederlandse voorzitterschap heeft een aantal constructieve evaluatievergaderingen plaatsgevonden waaraan zowel door lidstaten als door NGO's is deelgenomen. Deze evaluatiebesprekingen zullen naar verwachting uitmonden in een ingrijpend geactualiseerde en verbeterde Code. Waarschijnlijk zullen verscheidene nieuwe elementen in de Code worden opgenomen, waarmee de toepassing ervan wordt verdiept en verbreed.

#### 3. Gebruikersgids

Vanaf 1 januari 2004 is de Gebruikersgids volledig van toepassing geworden; de eerste versie daarvan is in 2003 aangenomen en kan worden ingezien op de internetsite van de Raad (<http://ue.eu.int>), hoofdstuk gemeenschappelijk buitenlands en veiligheidsbeleid, webpagina „Exportcontroles uit veiligheidsoverwegingen”. De gids bevat procedures ter verbetering van de regeling voor de kennisgeving van weigeringen en voor de raadplegingen alsmede ter verduidelijking van de verantwoordelijkheden van de lidstaten terzake. Een spoedig te publiceren herziene versie van de gids zal hoofdstukken bevatten inzake vergunningspraktijken, beste praktijken voor de uitlegging van bepaalde criteria en voorschriften inzake de voorlegging van informatie voor het jaarrapport van de Europese Unie.

#### 4. Beste praktijken voor de uitlegging van criteria

Beste praktijken voor de uitlegging van criterium 8 van de Gedragscode worden momenteel door de lidstaten besproken met het oog op opnemings ervan in de Gebruikersgids.

## 5. Tijdelijke maatregelen inzake de opheffing van een wapenembargo

De lidstaten zijn doende een reeks tijdelijke procedures te bespreken die kunnen worden toegepast ten aanzien van landen waarvoor de Europese Unie besloten heeft een bestaand wapenembargo op te heffen. Deze gereedschapskist (toolbox) zou de Gedragscode aanvullen.

## 6. Stimulering

De lidstaten hebben een akkoord bereikt over een mechanisme ter verbetering van de coördinatie van door hen ontplooid stimuleringsactiviteiten, teneinde de beginselen en de criteria van de Code ingang te doen vinden onder derde landen. Het voorzitterschap en een aantal lidstaten hebben gezamenlijke voorlichtingsbijeenkomsten met naburige en kandidaat-landen georganiseerd.

Met de Verenigde Staten, Canada, de Russische Federatie en Oekraïne zijn trojka-vergaderingen gehouden in het kader van de politieke dialoog van het gemeenschappelijk buitenlands en veiligheidsbeleid van de Europese Unie. Met deze landen hebben vruchtbare discussies plaatsgevonden over wapenuitvoercontroles in het algemeen en de Gedragscode in het bijzonder.

## 7. Dialoog met het Europees Parlement

Op uitnodiging van de parlementaire subcommissie veiligheid en defensie heeft het Nederlands voorzitterschap met leden van de subcommissie van gedachten gewisseld over het Vijfde Jaarrapport inzake de Europese Gedragscode betreffende wapenuitvoer en verwante wapenuitvoervraagstukken. De Groep COARM is overeengekomen de rapporteur voor het voornoemde rapport van de commissie Buitenlandse zaken van het Europees Parlement uit te nodigen voor een informeel gesprek.

## II. STAND VAN ZAKEN BIJ DE UITVOERING VAN DE IN HET VIJFDE JAARRAPPORT AANBEVOLEN PRIORITAIRE MAATREGELEN

### 1. Harmonisatie van nationale rapporten

Hoewel er nog steeds verschillen in de nationale rapportage bestaan, is een aantal stappen genomen om de verslagleggingsprocedures te harmoniseren en volledig vergelijkbare statistische gegevens te verkrijgen. De lidstaten zijn overeengekomen in hun bijdrage aan het jaarrapport van de Europese Unie verwijzingen naar de nummers van de militaire lijst (indien beschikbaar) op te nemen. Ook is er een consensus bereikt over het verstrekken van nationale gegevens inzake de waarde van de afgegeven vergunningen. Aangezien sommige staten momenteel geen aanvullende gegevens betreffende de daadwerkelijke uitvoer kunnen verstrekken, is overeengekomen dat deze cijfers zullen worden verstrekt door de lidstaten die zulks wel kunnen.

### 2. Tussenhandel

In juni 2003 heeft de Raad, na de definitieve goedkeuring door de Groep COARM, een gemeenschappelijk standpunt over het toezicht op de tussenhandel in wapens aangenomen. Deze

gezamenlijke stellingname is een formele bevestiging van enkele van de overeengekomen praktijken die staan vermeld in de bijlage van het Vierde Jaarrapport. Het bevat tevens enkele criteria en definities die de lidstaten in hun nationale tussenhandelwetgeving dienen op te nemen.

De groep is overeengekomen dat het gemeenschappelijk standpunt via het in de Gedragscode vermelde mechanisme dient te worden uitgevoerd. Dit zal naar verwachting uitdrukkelijk worden vermeld in de betrokken uitvoeringsbepaling van de herziene Gedragscode. Aangezien echter nog niet alle lidstaten beschikken over wetgeving inzake tussenhandel zal de kennisgevings- en raadplegingsregeling alleen verplicht worden toegepast door lidstaten die wel over de nodige wetgeving beschikken.

### 3. Elektronische overdracht van software en technologie

In het kader van de herziening van de Gedragscode zal naar verwachting een akkoord worden bereikt over het opnemen van een nieuwe bepaling in het betrokken uitvoeringsdeel van de Code, waarin zal worden gestipuleerd dat ook uitvoervergunningen moeten worden aangevraagd voor immateriële overdrachten van software en technologie met bijvoorbeeld elektronische middelen, fax of telefoon.

### 4. Verbreiding van de beginselen en criteria van de code onder niet-lidstaten en internationale organisaties

In het kader van de politieke dialoog met niet-lidstaten en internationale organisaties worden de Gedragscode en de doelstellingen en procedures daarvan voortdurend aan de orde gesteld en aanbevolen.

In dit verband is de Groep COARM in 2003 in beginsel overeengekomen verzamelde informatie over weigeringen — zonder vermelding van de weigerende lidstaten — te delen met geselecteerde niet-lidstaten wier uitvoercontrolewetgeving en -beleid voldoen aan de hoogste normen die de lidstaten zichzelf gesteld hebben. Elk besluit in dit verband zal per geval worden genomen, na overleg van het voorzitterschap of van het Raadssecretariaat met de betrokken lidstaat over de gegevens die volgens de nationale wetgeving kunnen worden verstrekt. Het eerste land waarmee een dergelijk akkoord is bereikt is Noorwegen. Deze uitwisseling van weigeringsgegevens tussen de Europese Unie en Noorwegen zal plaatsvinden vanaf 18 november 2004.

### 5. Praktische en technische bijstand aan de kandidaat-landen

Zoals vermeld in punt I van dit rapport hebben de lidstaten overeenstemming bereikt over een mechanisme ter verbetering van de coördinatie van door hun ontplooid stimuleringsinitiatieven ter verbreiding van de beginselen en criteria van de code onder kandidaat-landen en andere derde landen. Dit mechanisme zal onder andere een gegevensbestand omvatten met informatie over de nationale activiteiten die met dergelijke landen worden ontplooid. Dat zal lidstaten helpen bij de prioriteitstelling en planning van hun inspanningen op dit gebied en gezamenlijke activiteiten bevorderen.

## 6. Volledige implementatie van de gebruikersgids

Zoals vermeld in punt I van dit rapport is de Gebruikersgids, waarvan de eerste versie in 2003 is aangenomen, vanaf 1 januari 2004 volledig van toepassing geworden. Hij bevat procedures ter verbetering van de regeling voor het kennisgeven van weigeringen en voor de raadpleging en ter verduidelijking van de verantwoordelijkheden van de lidstaten terzake. Vanaf voornoemde datum was er vrijwel dagelijks sprake van nationale kennisgevingen en van bilateraal overleg via het elektronische COREU-systeem van de Europese Unie, waardoor de transparantie van het wapenexportbeleid van de lidstaten ten opzichte van specifieke landen van eindbestemming en specifieke eindgebruikers aanzienlijk is vergroot.

De lidstaten hebben hun lijst van nationale wijzigingskennisgevingen geactualiseerd en toegezegd dat in het vervolg regelmatig te zullen doen. Deze lijsten en de resultaten van bilateraal overleg zijn opgenomen in een centraal EU-weigeringenbestand. Dit bestand, dat wordt beheerd door het Raadssecretariaat van de Europese Unie, kan zich aldus ontwikkelen tot een dynamisch systeem dat een afspiegeling vormt van het wapenexportcontrolebeleid van de lidstaten.

In de binnenkort te publiceren herziene versie van de Gebruikersgids zullen hoofdstukken worden opgenomen met een beschrijving van overeengekomen praktijken bij vergunningsprocedures, een handleiding inzake criteria (dit wil zeggen criterium 8) en voorschriften inzake de verstrekking van informatie voor het jaarrapport van de Europese Unie.

## 7. Ontwikkeling van de dialoog met het Europees Parlement

Zoals vermeld in punt I van dit rapport heeft het Nederlandse voorzitterschap op 1 september, op uitnodiging van de EP-subcommissie veiligheid en defensie met leden van de subcommissie van gedachten gewisseld over het Vijfde Jaarrapport inzake de Europese Gedragscode betreffende wapenuitvoer en verwante wapenuitvoervraagstukken. De leden van het Parlement hadden bijzondere belangstelling voor de volgende aspecten: omzetting van de Gedragscode in een gemeenschappelijk standpunt, illegale overdrachten van kleine handvuurwapens en lichte wapens, transparantie, tussenhandel, verbreiding van de Code en verduidelijking ervan alsmede de geharmoniseerde uitlegging van de criteria van de Code.

## 8. Ontwikkeling van betrekkingen met derde landen

Door het Ierse en het Nederlandse voorzitterschap zijn nuttige COARM-vergaderingen van de trojka gehouden met respectievelijk de Verenigde Staten, Canada, de Russische Federatie en Oekraïne, in het kader van de politieke dialoog van het gemeenschappelijk buitenlands en veiligheidsbeleid van de Europese Unie. In die vergaderingen heeft het voorzitterschap de gesprekspartners geïnformeerd over de nieuwe ontwikkelingen met betrekking tot de EU-Gedragscode, met name het evaluatieproces. Voorts zijn kwesties van wederzijds belang

besproken, zoals nalevings- en controlevraagstukken in verband met wapenuitvoer en aanvragen van zes nieuwe EU-lidstaten voor het lidmaatschap van het Wassenaar Arrangement.

## 9. Evaluatie van de gedragscode

COARM heeft uitvoerig discussies gevoerd in het kader van de evaluatie van de Code die zij in december 2003 besloot uit te voeren. Er wordt verwacht dat de Code als resultaat van die evaluatie, de eerste sinds de aanneming van de Code in 1998, aanzienlijk zal worden versterkt door de opneming van nieuwe elementen, waaronder met name: tussenhandel, doorvoer/overlading, toegestane productie overzee, immateriële overdracht van software en technologie, goedkeuring van eindgebruiker en nationale rapportage. Over de mogelijke opneming van andere elementen zijn de besprekingen nog gaande. Over de omzetting van de Code in een juridisch bindend instrument is nog geen akkoord bereikt.

### III. DOOR DE GROEP COARM BESPROKEN VRAAGSTUKKEN IN VERBAND MET DE IMPLEMENTATIE VAN DE GEDRAGSCODE

#### 1. Verwerking van goederen voor heruitvoer

De lidstaten zijn overeengekomen dat zij, net als bij alle andere vergunningsaanvragen, de Gedragscode volledig zullen toepassen op vergunningsaanvragen voor goederen wanneer duidelijk is dat die goederen worden verwerkt in producten die bestemd zijn voor heruitvoer. Bij de beoordeling van die aanvragen zullen de lidstaten echter onder andere ook letten op:

- i) het exportcontrolebeleid en de effectiviteit van het exportcontrolesysteem van het verwerkende land;
- ii) het belang van hun defensie- en veiligheidsrelatie met dat land;
- iii) de relevantie en het belang van de goederen voor de goederen waarin zij zullen worden verwerkt, en voor een eventueel eindgebruik van de eindproducten dat aanleiding tot bezorgdheid zou kunnen geven;
- iv) het gemak waarmee de goederen of belangrijke onderdelen daarvan kunnen worden verwijderd uit de goederen waarin zij zullen worden verwerkt;
- v) de vaste entiteit waarnaar de goederen worden uitgevoerd.

#### 2. Prioriteiten voor de nabije toekomst

Nadat de Gedragscode gedurende zes jaar is toegepast, kan worden gesteld dat de fundamentele zijn gelegd voor een gemeenschappelijke aanpak voor de controle op de uitvoer van conventionele wapens door de lidstaten. Er moet echter nog veel werk worden verzet op bepaalde gebieden die in het verleden niet aan de orde zijn gekomen en verdere werkzaamheden zijn nodig om de bereikte resultaten te consolideren en verder uit te bouwen.

De lidstaten hebben voor de nabije toekomst de volgende prioriteiten geselecteerd:

1. Voortzetting van het proces van harmonisatie van de nationale rapporten teneinde de samenvattende tabellen duidelijker en transparanter te maken;
  2. Follow-up van de implementatie van het gemeenschappelijk standpunt over de tussenhandel, rekening houdend met de verschillen tussen de nationale wetgevingen;
  3. Volledige implementatie van de vereenvoudigde regels in de Gebruikersgids, met inbegrip van het centrale weigeringsbestand;
  4. Onderzoek naar de haalbaarheid van het opstellen van gemeenschappelijke richtsnoeren voor eindgebruikcontroles en verificatie na verzending, in landen van eindbestemming van wapenuitvoer afkomstig uit lidstaten van de Europese Unie;
  5. Ontwikkeling van beste praktijken voor de uitlegging van criteria, zoals ten aanzien van criterium 8;
  6. Voortzetting van het beleid van verbreiding van de beginselen en criteria van de Gedragscode onder derde landen, met name de landen die zich achter de Gedragscode geschaard hebben;
  7. Op verzoek verstrekken van praktische en technische bijstand aan de toetredende landen, teneinde te waarborgen dat het wapenexportcontrolebeleid wordt geharmoniseerd en de beginselen en criteria van de Gedragscode volledig worden geïmplementeerd;
  8. Verdere ontwikkeling van de dialoog met het Europees Parlement.
-

## ANNEX

**Information on conventional arms exports and implementation of the Code of Conduct by the Member States over the period 1 January to 31 December 2003**

Statistics are compiled differently by each Member State: no uniform standard is used. Consequently, owing to current procedures in the area of arms export controls or data protection legislation, not all countries have been able to submit the same information

The attached tables contain the following information:

## A. TABLES SETTING OUT EXPORTS PER DESTINATION, PER REGION AND WORLD WIDE

- figures are broken down per Member State <sup>(1)</sup>, and where possible per EU Common Military List category <sup>(2)</sup>, where (a) = number of licences issued, (b) = value of licences issued in Euros (if available), (c) = value of arms exports in Euros (if available) <sup>(3)</sup> <sup>(4)</sup>
- total EU licence refusals to each destination, region and world wide, broken down by EU Common Military List category; (d) = number of licence refusals; (e) = criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets); discrepancies in the totals arise from the fact that denials for items other than those on the EU Common Military List are included, and that certain individual denials concern more than one ML category.

## B. TABLE SHOWING TOTAL NUMBER OF CONSULTATIONS INITIATED AND TOTAL NUMBER OF CONSULTATIONS RECEIVED BY EACH MEMBER STATE IN 2003

## C. TABLE WITH INTERNET ADDRESSES FOR NATIONAL REPORTS ON ARMS EXPORTS

**Brief descriptions of EU Common Military List categories**

*(See OJ C 314 of 23 December 2003 for the full EU Common Military List)*

- ML1 Smooth-bore weapons with a calibre of less than 20 mm, other arms and automatic weapons with a calibre of 12,7 mm (calibre 0,50 inches) or less and accessories, and specially designed components therefor.
- ML2 Smooth-bore weapons with a calibre of 20 mm or more, other weapons or armament with a calibre greater than 12,7 mm (calibre 0,50 inches), projectors and accessories, and specially designed components therefor.
- ML3 Ammunition and fuse setting devices, and specially designed components therefor.
- ML4 Bombs, torpedoes, rockets, missiles, other explosive devices and charges and related equipment and accessories, specially designed for military use, and specially designed components therefor.
- ML5 Fire control, and related alerting and warning equipment, and related systems, test and alignment and counter-measure equipment, specially designed for military use, and specially designed components and accessories therefor.
- ML6 Ground vehicles and components.
- ML7 Chemical or biological toxic agents, „tear gases”, radioactive materials, related equipment, components, materials and „technology”

<sup>(1)</sup> The newly acceded Member States Cyprus, Estonia and Lithuania were unable to provide figures for exports in 2003, Latvia provided figures for the number of licences granted; Estonia and Latvia reported denials issued, Luxembourg had no arms exports or denials for 2003.

<sup>(2)</sup> See below for brief descriptions of Military List categories

Note: Sweden was unable to provide figures per ML category, but has indicated with a X the categories for which licences were granted.

<sup>(3)</sup> To make the table more readable, nil values and/or the mention „not available” are omitted.

<sup>(4)</sup> NB (i) Concerning Austrian exports: The Austrian law distinguishes between items listed on the Common List of Military equipment covered by the EU Code of Conduct on Arms Exports „other than war material” on one hand and „war material” on the other. Total figures for Austria comprise both of them. As to the data per Military List Category, the number of licences issued comprises both, the value of licences and the value of actual exports by Military List Category were available for equipment other than war material.

The value of actual exports was calculated on the basis of the data made available by the customs authorities as well as by the holders of licenses.

(ii) Concerning Finland: All licences and exports in category ML 13 to Afghanistan, Sudan, Uganda, Pakistan and Egypt are for United Nations purposes.

(iii) Concerning Germany:

— Germany is unable to deliver data on actual exports by EU ML category; it is able to report the total value country by country of actual exports for „war weapons” according to the German War Weapons list, which represents a sub-set of the military list;

— due to a review of the Military List, ML 23 became obsolete in 2004. For the sake of clarity, exports under ML 23 in 2003 exports have been transferred, as appropriate, to ML 1, 3, 6 or 9 of the current list.

(iv) Concerning the Netherlands Licences for exports to the Netherlands concern exports of components from the Netherlands to third countries for integration in weapon systems which have been purchased by the Dutch armed forces in these countries. The final destination of these components is therefore the Netherlands.

(v) Concerning the United Kingdom's exports:

1. The licences indicated are Standard Individual Export Licences (SIELs). These licences allow for the shipment of specified items to a specified consignee up to the quantity specified by the licence.

2. In cases where the total value of SIEL applications issued to a recipient country is less than 367 500 EURO, the value of EUR 367 500 is given.

- ML8 „Energetic materials”, and related substances.
- ML9 Vessels of war, special naval equipment and accessories, and components therefor, specially designed for military use.
- ML10 „Aircraft”, unmanned airborne vehicles, aero-engines and „aircraft” equipment, related equipment and components, specially designed or modified for military use.
- ML11 Electronic equipment, not controlled elsewhere on the EU Common Military List, specially designed for military use and specially designed components therefor.
- ML12 High velocity kinetic energy weapon systems and related equipment, and specially designed components therefor:
- ML13 Armoured or protective equipment and constructions and components:
- ML14 Specialised equipment for military training or for simulating military scenarios, simulators specially designed for training in the use of any firearm or weapon controlled by ML1 or ML2, and specially designed components and accessories therefor.
- ML15 Imaging or countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor.
- ML16 Forgings, castings and other unfinished products the use of which in a controlled product is identifiable by material composition, geometry or function, and which are specially designed for any products controlled by ML1 to ML4, ML6, ML9, ML10, ML12 or ML19.
- ML17 Miscellaneous equipment, materials and libraries, and specially designed components therefor.
- ML18 Equipment for the production of products referred to in the EU Common Military List.
- ML19 Directed energy weapon systems (DEW), related or countermeasure equipment and test models, and specially designed components therefor.
- ML20 Cryogenic and „superconductive” equipment, and specially designed components and accessories therefor.
- ML21 „Software” specially designed or modified for the „development”, „production” „use” of equipment or materials controlled by the EU Common Military List.
- ML22 „Technology” for the „development”, „production” or „use” of items controlled in the EU Common Military List, other than that „technology” controlled in ML7.
